F.Mask (scale 1:1)

The diagram shows a top-down view of a PCB mask layer. It includes several rectangular pads arranged in two rows at the top left. In the center-right area, there are three circular vias or through-holes. The entire design is contained within a rectangular frame.

F.Mask (scale 1:1)

The figure shows a PCB mask layout at a 1:1 scale. It includes several components: two horizontal rows of four resistors each in the top left; three capacitors arranged vertically on the right side; and a central component consisting of a microcontroller chip with two circular pads above it.

F.Mask (scale 1:1)

The figure shows a PCB mask layout titled "F.Mask (scale 1:1)". It contains several electronic components represented by standard symbols: two resistors (one large, one small), three electrolytic capacitors, four integrated circuits (ICs) of different shapes, and numerous surface-mount components including diodes, LEDs, and small passive components.
