B.Cu (scale 1:1)

The figure shows a green printed circuit board (PCB) layout. It features several circular pads, some of which are populated with small electronic components represented by white circles with internal patterns. There are also rectangular pads and thin white lines representing copper traces connecting different parts of the board.

The figure shows a top-down view of a printed circuit board (PCB) design. It features a solid green irregular shape representing the copper pour. Various components are indicated by symbols: circles for through-hole mounting, small squares for surface-mount components, and lines for traces. There's also a dashed rectangle indicating a specific feature or cutout.
