B.Cu (scale 1:1)

The figure shows a top-down view of a PCB design on a white background. A large rectangle occupies most of the upper half. Inside this rectangle, there are four distinct green symbols: one in the upper left consisting of a horizontal line ending in a vertical stem; one in the upper right consisting of a single circle; one in the center-right consisting of a square; and one in the lower-center consisting of three circles stacked vertically.

B.Cu (scale 1:1)

The diagram shows a section of a printed circuit board (PCB) with several electronic components and traces. In the upper left, there's a network of green traces forming a loop around a small component. To its right are three vertically stacked circular pads, each containing a smaller circle. Further down and to the right are two more circular pads arranged horizontally. The entire drawing area is enclosed in a rectangular frame.
