F.Cu (scale 1:1)

The image shows a PCB layout for a board named F.Cu. The board is a dark red, irregular shape. It features a complex white circuit pattern in the upper left corner, including a microcontroller-like component with pins, several resistors, and connecting traces. Below this main circuit area, there are two pairs of circular pads: one pair is small and square, and the other is larger and circular. The layout is enclosed in a rectangular frame with four circular mounting holes at the corners. The entire drawing is set against a white background with a coordinate grid labeled 1-5 horizontally and A-D vertically.

F.Cu (scale 1:1)

The image shows a PCB layout for a board named 'F.Cu' at a scale of 1:1. The board is dark red and has an irregular shape. It features several white traces and pads. A small square pad is located near the bottom center. There are four circular pads arranged in a 2x2 grid at the bottom. The layout is enclosed in a black rectangular frame. The background is white with a grid of letters (A, B, C, D) and numbers (1, 2, 3, 4, 5).

F.Cu (scale 1:1)

The image shows a technical drawing of a PCB layout for a fish-shaped board. The board is dark red with white traces. It features a complex top section with multiple pads and a small square pad. Below this, there are two pairs of circular pads connected by vertical lines. The board is surrounded by four circular mounting holes at the corners. The drawing is enclosed in a rectangular frame with a coordinate grid (A, B, C, D) on the left and (1, 2, 3, 4, 5) on the top.

B.Silkscreen (scale 1:1)

The main body of the sheet contains a large rectangle intended for the PCB silkscreen design.

B.Silkscreen (scale 1:1)

The figure shows a large rectangular area representing the PCB silkscreen. Inside this area, there are two small circles. The first circle is located at approximately [370, 480] and has the label "R1" next to it. The second circle is located at approximately [480, 480] and has the label "R2" next to it.

B.Silkscreen (scale 1:1)

The figure shows a large rectangular area representing the silkscreen layer of a PCB. Inside this rectangle, there are two small circular features. The first circle is located at approximately [248, 330] and is labeled 'R1'. The second circle is located at approximately [468, 385] and is also labeled 'R1'. These labels are oriented vertically.

B.Silkscreen (scale 1:1)

The figure shows a large rectangular area representing the PCB silkscreen. Inside this area, there are two small circular features. The first feature is located at approximately [245, 330] and is labeled "R1". The second feature is located at approximately [470, 385] and is labeled "R2".
