Top fabrication (scale 1:1)

The figure shows a PCB top fabrication drawing. It includes a central grey polygon representing the board shape. Various components are labeled: H1 (top left), H3 (top right), H2 (bottom right), C1, C2, C3 (top center), R1, R2, R3 (center), J1 (center right), D1 (center bottom), and R4 (bottom center). Dimensions are indicated as 100 units wide and 100 units high.

Top fabrication (scale 1:1)

The figure displays a PCB top fabrication drawing at a scale of 1:1. The board dimensions are 100mm by 100mm. Components shown include:

- H1 (top left), H3 (top right), H2 (bottom right)
- C1, C2, C3 (top center)
- R1, R2, R3 (top center)
- J1 (top center)
- D1 (top center)
- R4 (center bottom)

Top fabrication (scale 1:1)

The PCB layout features a central grey polygonal area containing several components and their interconnecting traces. Components include capacitors C1, C2, and C3; resistors R1, R2, R3, and R4; a connector J1; and a diode D1. Pad locations are marked with circles labeled H1, H2, and H3. A dimension line at the bottom indicates a width of 100 units, and another on the right indicates a height of 100 units.

F.Mask (scale 1:1)

The diagram shows a top-down view of a PCB mask. It includes several components represented by standard symbols: four large circles at the corners (likely mounting holes), two horizontal rows of three rectangles each (resistors or capacitors), a vertical row of three small squares (possibly vias or test points), and several pairs of small circles (vias or component footprints). The components are arranged in a symmetrical pattern.

The image shows a schematic capture or silkscreen layer view in a PCB design tool. The main workspace contains two circular pads:

- A small circle at approximately [600, 380] labeled "R2".
- A larger circle at approximately [600, 480] labeled "C2".

In the bottom right corner, a metadata panel displays the following information:
