In2.Cu (scale 1:1)

The image shows a top-down view of a PCB layout within a rectangular frame. There are four small circles at the corners of the frame. Inside, there's a larger rectangle representing the PCB. On the PCB, there are several features: a central square pad, two pairs of circular pads arranged vertically, and a complex shape resembling a microcontroller or connector footprint with multiple pins.

F.Mask (scale 1:1)

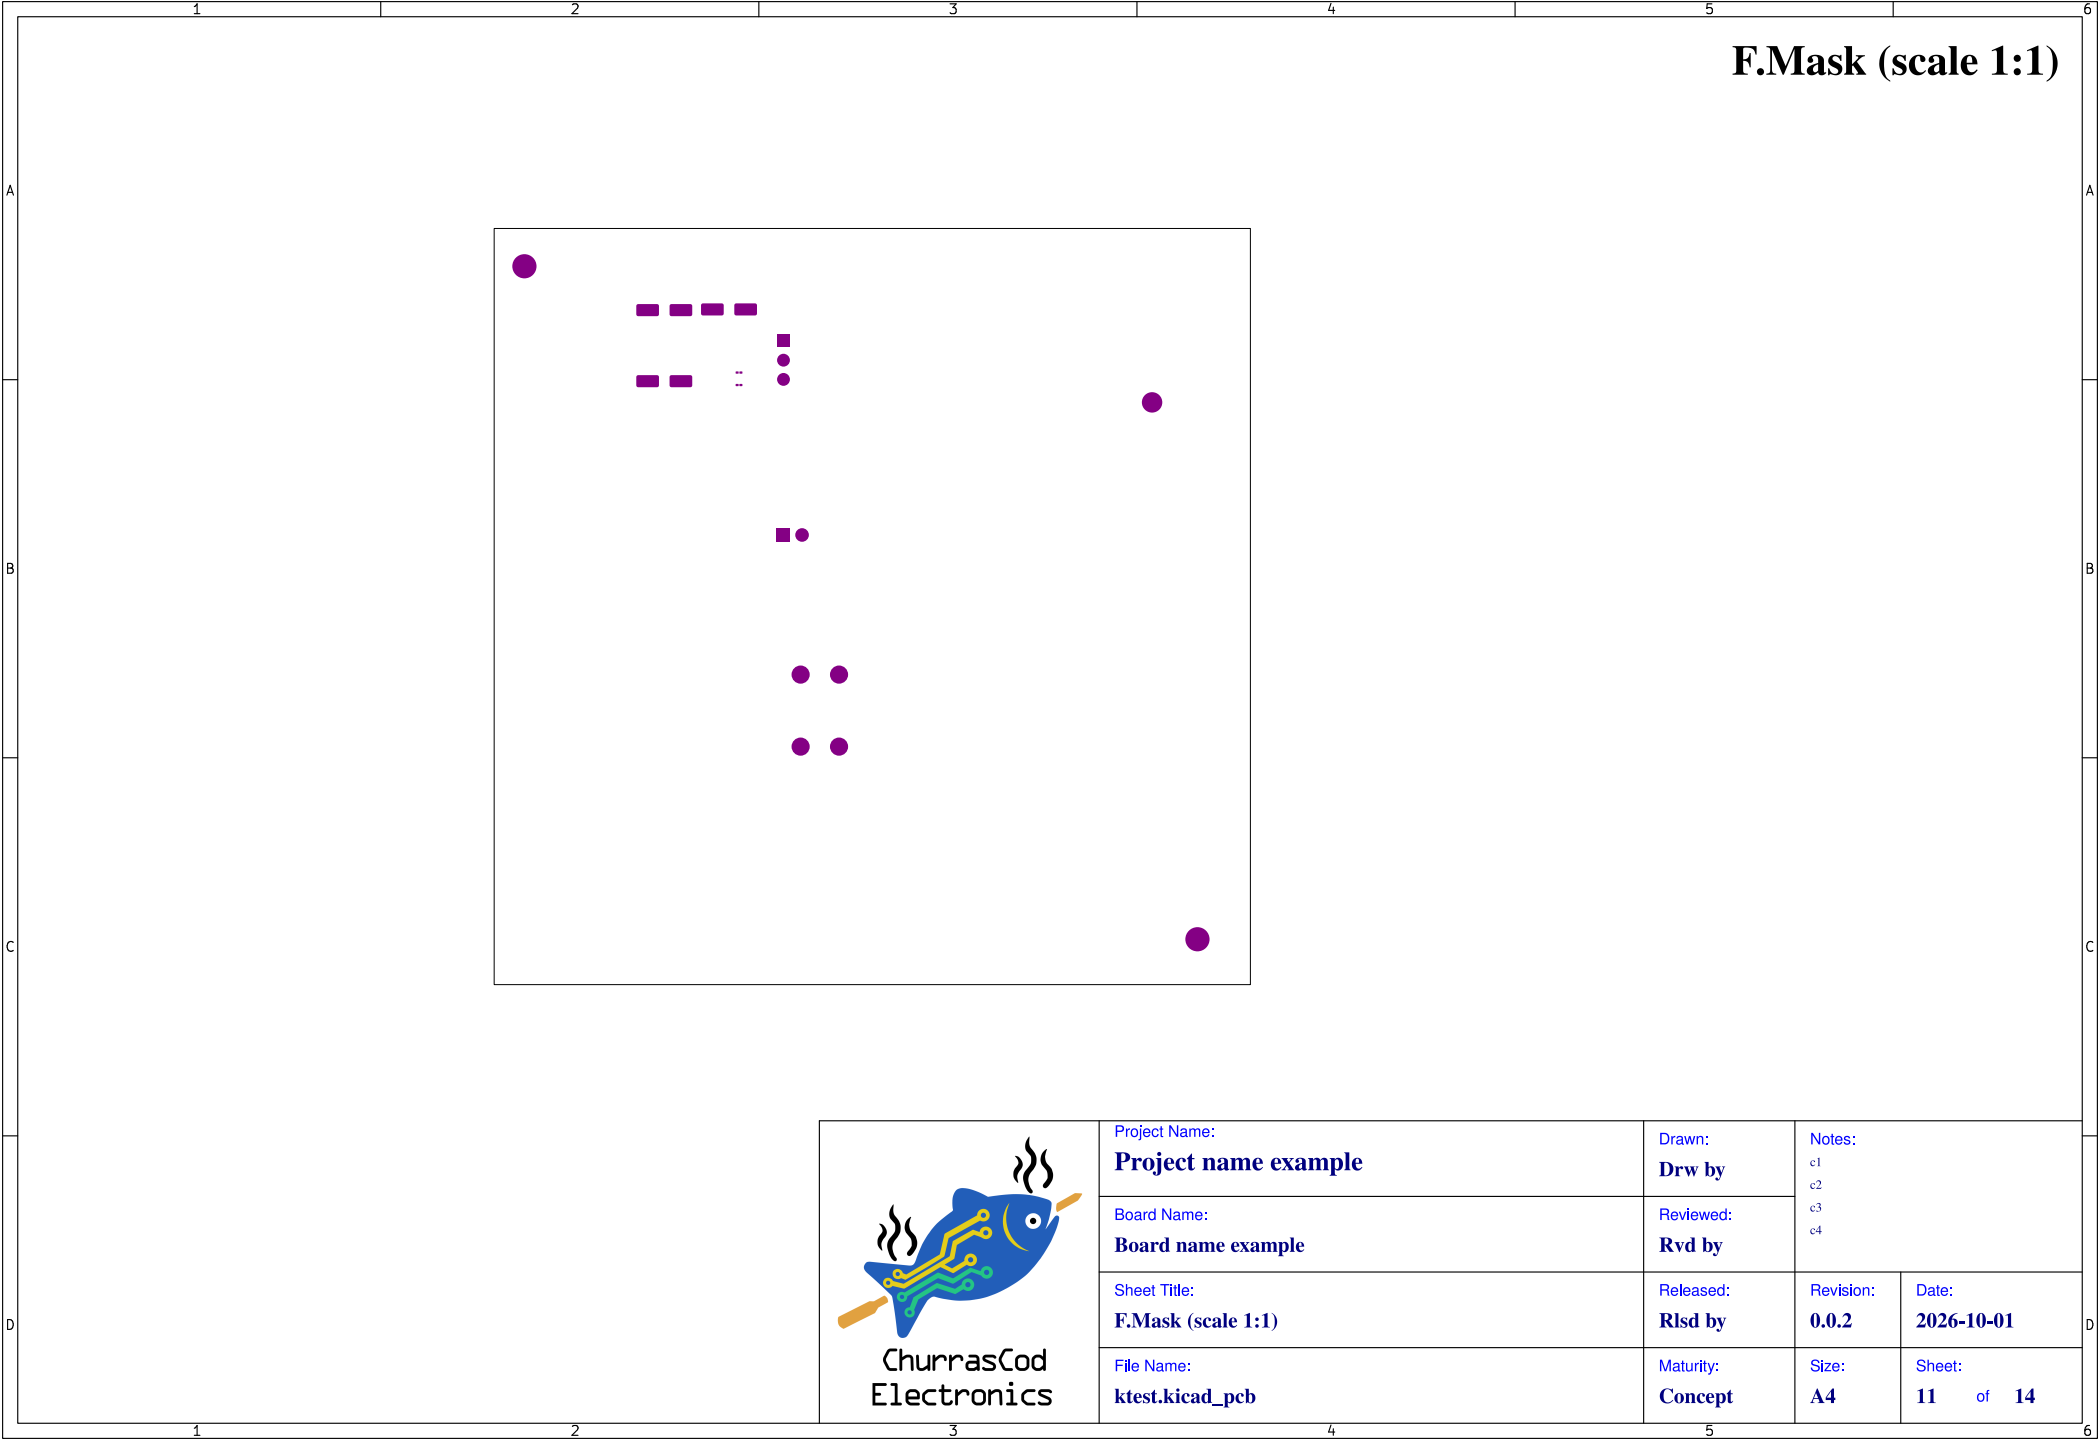

The diagram shows a fish-shaped PCB layout. The fish's body is blue, and its tail is on the left. The head is on the right, with a yellow eye and a yellow mouth. The circuit traces are yellow and green. The components are labeled as follows:

- U1: Microcontroller (central component)
- U2, U3, U4, U5: LEDs (four components)
- U6: Buzzer (one component)

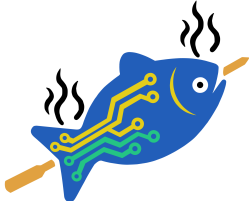

The layout is enclosed in a rectangular frame with a coordinate grid. The grid has columns labeled 1 to 5 and rows labeled A to D. The components are positioned as follows:

- U1: At the center of the board.
- U2, U3, U4, U5: Along the top edge of the board.
- U6: Along the bottom edge of the board.

B.Silkscreen (scale 1:1)

The main area of the sheet is a large rectangle intended for silkscreening. It contains two small circles representing registration marks. The first circle is located at approximately [245, 330] and is labeled "R1". The second circle is located at approximately [465, 385] and is labeled "R2".

B.Silkscreen (scale 1:1)

The main body of the sheet contains a large white rectangle centered between grid coordinates 1-6 horizontally and A-D vertically. This rectangle serves as the workspace for drawing the PCB components at scale 1:1.
