F.Cu (scale 1:1)

The image displays a PCB layout for a project named F.Cu, scaled at 1:1. The layout is contained within a rectangular frame with a coordinate grid. The grid has horizontal labels 1 through 5 and vertical labels A through D. The layout features a large, irregularly shaped copper pour in the upper right quadrant. A complex network of copper traces connects various components. In the lower left, there is a vertical array of 16 circular pads. In the lower right, there is a horizontal array of 16 circular pads. A small, rectangular component is located in the center of the layout. The layout is surrounded by a white background, and the entire design is enclosed in a black border.

In1.Cu (scale 1:1)

The image displays a PCB layout for a component labeled 'In1.Cu' at a scale of 1:1. The layout is centered on a white background, with a large rectangular area representing the copper pour. The central component footprint consists of several circular pads and vias, with some pads connected by thin lines. The layout is surrounded by a large rectangular area representing the copper pour. The layout is centered on a white background, with a large rectangular area representing the copper pour. The central component footprint consists of several circular pads and vias, with some pads connected by thin lines. The layout is surrounded by a large rectangular area representing the copper pour.
