F.Cu (scale 1:1)

The image displays a PCB layout for a project named F.Cu. The layout is shown on a white background with a dark red copper layer. The layout includes a large, irregularly shaped copper area in the upper right, a smaller copper area in the lower left, and a central copper area. The layout is defined by a grid with columns labeled 1 through 5 and rows labeled A through D. The layout features several components, including a large rectangular component in the upper right, a smaller rectangular component in the lower left, and a central component. The layout is defined by a grid with columns labeled 1 through 5 and rows labeled A through D. The layout features several components, including a large rectangular component in the upper right, a smaller rectangular component in the lower left, and a central component. The layout is defined by a grid with columns labeled 1 through 5 and rows labeled A through D. The layout features several components, including a large rectangular component in the upper right, a smaller rectangular component in the lower left, and a central component.

In1.Cu (scale 1:1)

The image displays a PCB layout for a component labeled 'In1.Cu' at a scale of 1:1. The layout is centered on a white background, with a large rectangular area representing the copper pour. The central component footprint consists of several circular pads and vias, with some pads connected by thin lines. The layout is framed by a coordinate system with labels 1, 2, 3, 4, 5 along the top and bottom, and A, B, C, D along the left and right sides.
